

Enloe Magnet High School-Advanced Placement Agreement 2017-2018

Advanced Placement courses are taught at a college level and require excellent organizational skills, strong study habits, the ability to work independently, and a high level of interest and commitment. Students can expect to spend substantial time outside of class preparing assignments, reading, and writing papers. In addition, Advanced Placement students may have summer assignments to prepare them for the challenge of their Advanced Placement course(s).

Commitment for the entire school year: I understand that a student may drop an Advanced Placement course up until Monday, March 27, 2017. After that date, only the AP teacher may initiate a drop with administrative approval. I am making a commitment to continue this course for the entire academic year.

Credit for the Advanced Placement test: I understand that taking the Advanced Placement test does not guarantee college credit. Colleges and universities determine the minimum score for which they will award credit. I understand I am responsible for any AP exam fees required by College Board.

Assignments and work habits: I understand that Advanced Placement courses require a substantial commitment of time and energy. I will be diligent in completing my assignments thoughtfully and on time. I understand that I am responsible for being a constructive member of an AP class by participating in class discussions, working cooperatively in groups, respecting the views of others, and taking responsibility for my decisions.

Special Requirements: If required, I agree to purchase the materials needed for each of my Advanced Placement courses.

College Board Website: Students are encouraged to visit the College Board website to view testing dates and important information regarding AP courses. www.collegeboard.org
